

Canon invites you to try out the very latest in Professional Digital Imaging.

Canon Ireland are hosting a professional imaging open day in Leopardstown Racecourse to showcase complete workflow solutions, including professional Cameras, Lenses & Accessories, Projectors, Camcorders and lab quality professional A3+ Photo Printers.

Canon's professional digital imaging specialists will be on hand to help and advise you on your specific requirements.

We'll have our award winning portfolio of professional cameras for you to try including the EOS 1D Mark III, 1Ds Mark III & EOS 5D and the all new EF200mm telephoto lens. There's even a horse & jockey on hand for you to put our cameras to the test.

There'll also be free sensor cleaning on the day, as well as a service & support clinic to ensure that you're getting the best out of your Canon cameras and that they are optimised for the work you do!
